

Saturday was a busy day for our club - we had a tournament in the morning, and our first fish fry of the year in the afternoon. The fish fry was a big success with almost 90 people in attendance. Thanks to Woodie Malone, David Brentnell and Ryan Burrell, who brought their industrial deep fryers and braved the cold with members helping and sampling during the cooking process. Thanks to all those who prepared side dishes and desserts and a special custom cake made by Sharie Scott with our club logo. Thanks also to those who helped set up, organize and clean up. Members who attended received our new hats. The event was well organized and enjoyed by all. Exciting things are happening with Lanier Crappie Anglers - for fun and fellowship, come check us out. - Dan Saknini
